Father Darkleaf

BY CALVIN ROBINSON

There is a difference between frost and a killing frost. Leaf raking is a prime occupation now and most people are packing them into plastic bags rather than burn them. The peak is yet to come and burning will soon be resorted to. Rain and a bit of wind will bring on a deluge of fallen leaves. Fall cooling is at its best and a lot of sight-seeing was done over the week end. I sit here at my typewriter desk and have built-in sight-seeing. And enjoy it. Not that travel does not have its rewards, including learning patience waiting in lien to eat or to purchase gasoline. Read that one souvenir stand in mountain country sold 2,200 gallons of cider over the week end, and some service stations ran out of gas. Ah yes, October is a wonderful time in Virginia.

Football is in command in the sports world. I predict that ACHS will win its remaining games and rack up one of its all-time top records. No doubt, college recruiters are taking a close look. University of Virginia supporters will call this a successful season, because of Saturday's win over Va. Tech. Richmond, VMI and William and Mary all lost to out-of-state teams. Onancock, over on the Eastern Shore, must have a great team, winning over Cape Charles, 70 to 0. And in the Keystone state, Slippery Rock downed Indiana, Pa., 9 to 7. Fans of the Washington Redskins are in a state of shock.

For those who have mail delivery, Martha Street is on Route Two, and Bro. Bill Sperry is our popular carrier. He tells me he has 465 families on his route. Sure, he knows all the names, save maybe for a few of the smaller children, and keeps up with the many newcomers. Bill is a native of Texas, down around Dallas. I asked Bill what was the leading family name on his route and he said, probably Webb. I picked up my mail at the post office, Drawer 98, but Bill says if I put up a box he will look out for the Martha Street Robinsons.

I nominate Court Street as the "setnet of the year" in Appomattox. So many improvements. Makes us proud. Many pails of paint have paid off.

We are so very dependent on our automobiles. I figured that my car has traveled a distance equal to over half way to the noon. And still going strong. Now is a good time to have your car readied for winter.

In a burst of energy, I dug six holes in my back yard and therein buried tulip bulbs. Will have to do better, as have plenty of bulbs left.

Browsing in my basement came across a very old issue of a magazine of world humor. Imagine a magazine without advertisements. Sample of the humor . . . "You cannot tell by the noise the horn makes how much gasoline is in the tank." Another one about the girl who boasted that her ancestors came over on the Mayflower. He date said he would have thought it was on the April flowers. Oh well.

Appomattox County Gets New Flag

Mrs. Isabelle Coleman and Mrs. Geraldine Marshall display the Appomattox County Flag that was made by the Flag Committee of the Appomattox County Extension Homemakers and presented to the Appomattox County Board of Supervisors during festivities at the Annual Historic Railroad Festival.

The flag design was the result of a countywide contest sponsored by the Appomattox County Extension Homemakers as a project for the Citizenship Program of Work.

The flag features the county seal appliqued on the map of Appomattox County which was founded in 1845. These designs are centered in the Heart of Virginia appliqued against a light blue background.

The Flag Committee is composed of Ruby Williamson, Winnie Martin, Virginia Beard, Geraldine Marshall and Isabelle Coleman, Chairman.

Second Drug Education Forum Held At ACHS October 17th

"Prevention and Treatment" was the topic discussed Tuesday night, October 17th, when the second Drug Education Forum was held in the Appomattox County High School cafeteria.

A very small number of citizens were present to hear the interesting program presented by Miss Jean Bentley of the State Department of Education and Dr. Robert Gardner, Director of Central Virginia Mental Health Services.

Miss Bentley showed a film using it to discuss possible ways of preventing the use of drugs in all forms.

Dr. Gardner discussed various services open and available to any person who needs and wants help in overcoming drug related problems.

Drug abuse is definitely a problem in Appomattox County as well as in other areas of the state and nation, however, alcohol abuse in our area is the Number One problem, according to Dr. Gardner.

There are ten million alcoholics in the United States now as compared to four million three years ago, a decided increase. Most alarming is the fact that Appomattox County, along with Central Virginia, is ranked 6th highest in alcohol abuse in the state. Alcohol and drugs are being used in the elementary schools as well as in secondary schools and also by adults as well. Dr. Gardner stated that we need to be concerned about youth but not to forget adults.

Announcement will be made in the near future about the third planned meeting regarding Drug Education open to the public.

Mako plans to attend the next Drug Education Forum and please see if you can encourage a friend to come with you.

The Drug - Alcohol problem can become the problem of any family at any time. It can sneak up on you and in most cases parents are the last to know just what is going on. Be as prepared as you possibly can be if this problem becomes your problem. Maybe just by attending the next session you will be more aware of what is going on and what may be done to help.

Parents Encouraged To Visit Schools On November 3

Students will not attend school on Friday, November 3. During the morning teachers will participate in inservice workshops. From 1 - 5 p.m. parents are invited to visit the schools.

This date is provided in the school calendar to give parents an opportunity to meet the teachers of their children, to learn more about the instructional program of the school and to discuss specific concerns.

Parents and the schools have a joint responsibility in the educational development of students. A cooperative working relationship between the home and school enables each institution to be more effective in giving guidance and instruction to youth.

The school system of Appomattox County is fortunate to have the support, cooperation and assistance of parents. The Appomattox County School Board and school personnel desire to continue and to strengthen the effective working relationship with parents. Therefore, you are encouraged to become involved in every aspect of the educational program of your children.

School personnel will anticipate meeting and talking with you on Friday, November 3. Feel free to visit the school or schools between the hours of 1 and 5 p.m.

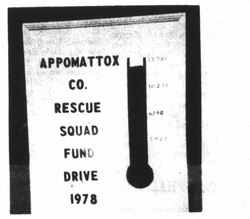
Bloodmobile Reminder

On Tuesday, November 14th, the Red Cross Bloodmobile will make its second visit of the fiscal year to Appomattox and will set up in Liberty Baptist Church. MARK YOUR CALENDARS NOW and BE ON HAND TO DONATE BLOOD!

Many of the businesses in our county are cooperating with the Blood Program and are letting employees "off" to go out and donate blood. If other businesses are interested and have not been contacted, please call Mrs. Alice C. Martin, phone 352-8112, and discuss the possibility of making "appointments" for your employees. Nine persons can "go through the line" every 15 minutes and appointments can be made for six persons leaving space for three walk-ins at the same time.

Try making an appointment for this visit . . . it should save you time and you will donate a unit of blood and be on your way in a short time. (It doesn't hurt, either.)



NEARS THE TOP - The marker has gone up higher as your contributions to the Appomattox County Rescue Squad Fund Drive continue to come in. Box 57, Appomattox, Virginia 24522.
